

**WELDBANK
INCORPORATIO**

Coolbank

COOLANT RECIRCULATOR

Cool your Torch with Coolbank !!!

MODEL : SWP-501 (for Light Duty)

CHARACTER (특징점)

Easy Operation
Excellent Design for Ventilation
Compact Size and Light Weight
Highly Efficiency Heat Exchanger
Ideal for Mig, Tig, Plasma, Spot Welding

Technical Specification

Model No	SWP-501
Input Electricity	220V 1ph 50hz/60hz
Motor	75w
Tank Capacity	11 LITERS
Operating Temperature	5 ~ 40 °C
Dimension	440(L) X 550(W) X 330(H)

SPECIAL FEATURE

No Priming Required
Quick Filling and Draining of Coolant
Simple Maintenance
Visable Water Tank
For normal usage at low cost
